Profile

With a National Diploma in Information Technology, specializing in Software Development, I possess a comprehensive foundation in programming languages such as Java, PHP, HTML, CSS, C# , SQL, MYSQL and KOTIN. My academic journey, I gained a solid understanding of computer systems, data structures, and software engineering/ development principles. I am further developing my skills as a Data Analyst intern, where I am expanding my expertise in data analysis, visualization, and interpretation. Notably, I have been learning and applying new programming languages, including Python and R, to extract insights from complex datasets. This internship has provided me with hands-on experience in working with diverse datasets, creating informative dashboards, and effectively communicating insights to stakeholders.

Education

01/2021 – 12/2023
Johannesburg, South Africa

Diploma in Information Technology in Software Development
Rosebank College
(Web Development ,Business Information Systems, IT Professional Practice , Programming Logic and Design , Database ,Human Computer , System Analysis and Design ,Advanced Database ,IT Project Management ,Information Security ,Open Source Coding ,Software Quality and Testing , Work Integrated Learning , Applied Programming)

Professional Experience

02/2025 – 01/2026
Johannesburg, South Africa

Data Analytics
Capaciti
(Power BI, Python, Database Analysis , Big Data , Big Mining , Data Modeling, Statistical Data Analysis, Microsoft Server , R)

Skills

JAVA

CSS

HTML

SQL

MySQL

C#

PHP

PYTHON

KOTLIN

Microsoft Office Suite

Certificates

- Financial Literacy Training by Absa
- Supply chain Management and logistics by AIMS Education
- Skills and Competencies required for a Cashier by Cursa
- FNB APP ACADEMY 2025
- Engineering Dynamics by MIT
- Supply chain Analytics by NPTEL
- Introduction to Data Engineering

Interests

- Coding
- Testing and maintaining softwares
- UI/UX Designing
